

# Internship Supervision for Continuing Education

## IMPORTANT INFORMATION

Please complete this form to document your involvement as an agency internship supervisor in order to earn continuing education credit toward NCTRC Recertification. **Retain the completed form with your continuing education materials for possible submission during the Recertification audit process.** The award of CE credit is based on the requirement that the agency internship supervisor provides a value-added experience that includes intense professional training and results in documented student competence in each of the critical areas of the RT process (APIED). In addition, the agency internship supervisor must provide oversight to a student as they complete a project that demonstrates competency in the RT process.

*Each internship supervision earns five (5) CE credit hours. A CTRS® can supervise one RT intern at a time, with a maximum of two (2) CE credit internships (for a total of 10 CE credit hours) per recertification cycle.*
