

Testing Accommodations Guidelines

OVERVIEW

As the international certification organization for recreational therapists, the National Council for Therapeutic Recreation Certification (NCTRC) is committed to provide an equal testing opportunity for all candidates registered for the NCTRC certification exam. In compliance with the Americans with Disabilities Act (ADA) and equivalent Canadian provincial acts, NCTRC makes reasonable testing arrangements for candidates with documented professionally diagnosed disabilities. The purpose of a testing accommodation is to ensure that the examination results reflect a candidate's aptitude or other factor that the exam is designed to measure, rather than reflecting the candidate's sensory, manual or psychological skills. When administered in the correct manner, testing accommodations provide for a testing environment that permits all candidates with an opportunity to succeed.

All accommodation requests for the NCTRC certification exam are reviewed and evaluated by NCTRC staff. If the request is approved then the actual accommodation is administered by Prometric testing services at the selected test site. In order to request testing accommodations for the NCTRC certification exam, candidates must have a documented disability as defined by the ADA and equivalent Canadian provincial acts. Generally, English as a second language, pregnancy, computer anxiety and test anxiety are not covered disabilities under the ADA and equivalent Canadian provincial acts. Persons with transitory or temporary conditions (sprains, fractures, and medical conditions) are requested to contact NCTRC about possible testing arrangements. Since all test sites are wheelchair accessible, physical accommodations are readily addressed at the test site.

NCTRC requires that all candidates requesting a test accommodation carefully read all prepared information prior to submitting their request. Candidates and their respective qualified professional should consult and agree on what accommodation(s) will best meet the identified testing issue(s). Recommendations from the qualified professional should be reasonable and appropriate for the documented disability, and should not fundamentally alter the measurement of the knowledge and skills that the examination is intended to assess. Conditions at the test center, such as lighting and temperature can not be changed. Paper and pencil examinations are not available for testing accommodations purposes.

PROCESS

All candidates requesting an exam accommodation are required to submit a completed accommodation application packet consisting of the **Accommodation Request Form** and the **Professional Accommodation Verification Form**. A complete application packet will allow NCTRC to assist candidates to arrange the most appropriate accommodation possible for their individual situation. NCTRC is not permitted to grant an exam accommodation unless the entire application packet has been reviewed by the appropriate staff. The NCTRC accommodation process is governed by the following guidelines:

1. NCTRC must receive the completed accommodation application packet at least one (1) week prior to the exam registration deadline.
2. Completed accommodation packets will be reviewed within five to seven business days and candidates will be notified of the review decision by email.
3. Approved accommodations will be arranged with Prometric testing service and at no extra charge to the candidate.
4. An approved accommodation request is valid for five (5) years from the approval date. Candidates must resubmit a new application if they wish to test with accommodations after the expiration date.
5. Candidates must either have a qualified professional complete the *Professional Accommodation Verification Form* or provide existing documentation of a previously granted related accommodation in another formal testing environment dated within the past two (2) years.
6. All documentation provided in support of the processing of the accommodation application must be dated within two (2) years from the accommodation request date.
7. NCTRC can not approve accommodations of a "personal nature" (i.e., lifting, feeding, etc.).
8. All test accommodation requests and related documentation are held in strict confidence by NCTRC and will not be released without the written consent of the candidate.

STEPS FOR REQUESTING TESTING ACCOMMODATIONS

Step 1: Submit a NCTRC Certification Examination Application

- The application can be completed online. Log onto nctrc.org. Complete the Professional Eligibility Application, CTRS® Exam Registration, Recertification – Exam, or Reentry process on your Dashboard Profile.
- When completing the application, be certain to check “Yes” in the Special Accommodations section and include your accommodation request.

Step 2: Complete the exam candidate's *Accommodation Request Form*

- The *Accommodation Request Form* is contained in the accommodation application packet.
- The form should be completed in its entirety providing all needed information for NCTRC review.
- The completed *Accommodation Request Form* should be submitted to NCTRC.

Step 3: Forward the *Professional Accommodation Verification Form* to the attending qualified professional

- The qualified professional should complete and sign the *Professional Accommodation Verification Form* in a timely manner.
- The completed form and all related materials should be sent to NCTRC.
- Although the *Professional Accommodation Verification Form* will be sent by the qualified professional, it is the candidate’s responsibility to ensure that NCTRC has received all required information.

Step 4: Notification of Accommodation decision and making an exam appointment

- Upon review of the complete accommodation application packet NCTRC will notify the candidate of the status of the accommodation request.
- If the accommodation request has been approved then the candidate will receive the eligibility ID number for scheduling a specific exam site and date.
- Once the candidate has received the eligibility ID number an exam appointment should be made immediately via the Prometric Testing Accommodations Advocate at (800) 967-1139 to ensure that the desired test site is available to complete the exam. All approved accommodation information will be forwarded to the specific test site once the exam appointment has been confirmed.
